A 57-key waterfront resort on 8.10 acres in Talbot County, Maryland.

Wylder Hotel Tilghman Island sits on Tilghman Island in Talbot County, Maryland, between the Chesapeake Bay and the Choptank River — an 8.10-acre waterfront parcel with 1,100 feet of water frontage, a marina, pool, restaurant and boat bar. Operated under the Wylder Hotels brand, the property is mid-repositioning, with a Small Luxury Hotels affiliation planned for Year 2.

Ownership and operating structure.

The property is owned by **21551 Tilghman Investors LLC**, led by principal **John Flannigan**, and operated under the **Wylder Hotels** brand through affiliate Wylder Eastern Shore Management, LLC — controlling day-to-day operations and the renovation, with a Small Luxury Hotels affiliation planned for Year 2.

OWNERSHIP	PRINCIPAL
21551 Tilghman Investors LLC	John Flannigan
OPERATOR / BRAND	MANAGER
Wylder Hotels	Wylder Eastern Shore Mgmt.

STRUCTURE AND ALIGNMENT

- 01

Owner-operated, no third-party manager — Day-to-day operations are run by an affiliate of ownership. There is no third-party management agreement to terminate or subordinate, no comfort letter to negotiate and no split incentive between owner and operator.
- 02

Continuous ownership since 2017 — The sponsor has owned and operated the hotel under the Wylder brand through the pandemic cycle and the current repositioning, investing a further \$642,693 of capital between 2021 and 2025.
- 03

Single-asset ownership entity — 21551 Tilghman Investors LLC holds this property and no other operating assets, keeping the collateral and its cash flow ring-fenced.
- 04

Three-property brand platform — Revenue management, distribution, design and procurement are shared across Wylder Hotels in Maryland, New York and California, giving a 57-key asset reach it could not support standing alone.

Operating statements are produced monthly at the property level and are the basis for the historical figures in this package. Financial reporting, revenue management and the renovation are handled in-house.

Operator background and brand portfolio.

wylder HOTELS

A boutique hotel brand that acquires, renovates and operates resort properties in drive-to leisure markets. Three hotels across three states.

Business plan and capital improvement program.

CAPITAL IMPROVEMENT PROGRAM

\$3.0M · \$52,684 / KEY · SEP 2026 – APR 2027

01

Guest room renovation

Full renovation of all 57 guest rooms at \$25,000 per key. **Four out-of-service keys are returned and three added in the back house**, taking the hotel from 50 to 57 — 12.3% more sellable inventory that has never produced revenue.

\$1.43M

02

Additional revenue sources

A **marina expansion adding 25 slips**, built for \$250,000, carries almost no operating overhead and contributes roughly **\$146,000 a year** at stabilization — payback inside two years on revenue never previously captured. A reconfigured boat bar and rebuilt three-bedroom house add further sources.

\$0.85M

03

Brand affiliation

Operation under the Wylder Hotels brand, with a planned Small Luxury Hotels affiliation in Year 2 distributed through Hilton channels.

SLH · Yr 2

Exterior and interior improvements, contingency and professional fees complete the \$3,003,000 program, equal to \$52,684 per key across 57 keys. **The program is funded by the sponsor outside this financing** and is not drawn from loan proceeds.

REVPAR INDEX TO COMP SET

41.5% → 70% target

\$87 today vs. \$210 comp set (STR, Dec 2025)

The plan targets a RevPAR index of approximately 70% of the competitive set, **assuming no growth in the underlying market.**

NOI · 2027→2029

1.8x

REVPAR · 2025→2029

\$87→\$166

The renovation is designed, priced and scheduled.

RENOVATION SCHEDULE · SEPTEMBER 2026 TO APRIL 2027

START AND COMPLETION DATES

Rooms renovation	Sep 21, 2026 → Mar 15, 2027
House renovation	Sep 21, 2026 → Mar 15, 2027
Exterior and interior FF&E	Sep 21, 2026 → Mar 15, 2027
Exterior and interior improvements	Sep 21, 2026 → Mar 15, 2027
Marina replacement	Nov 1, 2026 → Dec 15, 2026
Event space upgrade	Jan 2, 2027 → Jan 31, 2027
Punch list to completion	Mar 1, 2027 → Apr 1, 2027

Work begins **September 21, 2026** and completes **April 1, 2027**. The program is scheduled across the low season and completes before the 2027 summer peak — the four months to September carry 72% market occupancy against 40% from November to March.

THE MODEL ROOM IS BUILT

The guest-room specification is complete and can be inspected on site. Finishes, casegoods, lighting, soft goods and bath are installed. The **\$25,000 per key** in the budget is priced against a room that exists rather than a drawing, which takes design and specification risk out of the remaining keys and gives the schedule a known unit cost to roll out.

Small Luxury Hotels affiliation and distribution.

WHY THE AFFILIATION MATTERS

HILTON DISTRIBUTION

SLH member hotels are bookable directly through **Hilton.com, the Hilton app and Hilton Honors**. The affiliation places the property inside Hilton’s reservation and loyalty system rather than leaving it dependent on direct booking and third-party channels, which is the mechanism behind the projected occupancy and rate gain.

AN ESTABLISHED RELATIONSHIP

The sponsor already operates within SLH. **Wylder Windham, the sister hotel in the Catskills, is an SLH member** and was the first in that market. The application here is an extension of a working relationship rather than a first approach.

AMERICAN EXPRESS FINE HOTELS & RESORTS

Wylder Windham carries the **American Express Fine Hotels & Resorts designation**, reached through the SLH platform. The same designation is the plan at Tilghman Island, adding a high-rate corporate and affluent leisure channel on completion.

Affiliation is targeted on completion of the renovation and remains subject to application, inspection, board approval and an executed brand affiliate agreement.

Capital program funding	Sponsor · outside loan
Operating expense ratio	72.0% → 65.7%
Brand	Wylder Hotels
Affiliation	SLH · Year 2

The plan assumes no growth in competitive-set rate or occupancy; the entire RevPAR gain is attributed to the renovation, added keys and brand affiliation. Comparative set performance is held flat at its 2025 level throughout.

Stabilized cash flow carried forward, 2029 through 2040.

Dollars in thousands. **2029 is the stabilized year from the pro forma on the preceding pages**; every year after it continues the same line on the same basis — occupancy held at 40.0%, average rate growing 3.0% a year, no assumed growth in the underlying market and the operating margin held at 34.3%. Net operating income is already stated after a 4.0% management fee and a 3.0% replacement reserve; the memo line steps that reserve to 4.0% and coverage is shown on both. Columns may not foot due to rounding.

Restaurant revenue per seat	\$14,775	\$18,540	\$11.8K–\$33.8K
Event space revenue per SF	\$313	\$271	\$201–\$421
Event revenue per occupied room	\$184	\$95	\$36–\$206

REVENUE NOT PRESENT IN ANY HISTORICAL PERIOD

SOURCE	REVENUE	DEPARTMENTAL PROFIT
Marina · 25 new slips	\$179,648	\$161,683
Seven added keys · 50 → 57	\$425,306	\$318,980
Combined at stabilization	\$604,954	\$480,663

The **marina is built for \$250,000** inside the sponsor-funded capital program and carries almost no operating overhead; the model loads it with a 10% direct cost, leaving **\$161,683** of departmental profit at stabilization. Four out-of-service keys returned and three added in the back house lift sellable inventory 12.3%. Food and beverage is a larger share of revenue than the resort segment because of the crab shack, bar and event space against only 57 keys, but restaurant revenue per seat is 20% below the comparable average and event revenue per occupied room is close to the \$180 the property itself achieved in 2025.

MARGINS AGAINST INDUSTRY BENCHMARKS

RATIO TO REVENUE	SUBJECT	RESORT	INDEPENDENT
Departmental profit	63.8%	59.8%	58.1%
Undistributed expenses	25.0%	22.6%	25.1%
Gross operating profit	38.8%	37.2%	33.0%
Administrative and general	6.5%	7.2%	9.1%
Sales and marketing	4.6%	6.2%	6.1%
Utilities	2.9%	2.9%	3.1%
Property operation and maintenance	2.5%	4.1%	4.8%
Management fee	4.0%	3.7%	2.7%
Replacement reserve	3.0%	2.1%	2.1%

DEPARTMENTAL COST RATIOS

RATIO TO DEPARTMENTAL REVENUE	SUBJECT	RESORT	INDEPENDENT
Rooms expense	25.0%	25.1%	31.7%
Food and beverage expense	60.0%	72.0%	77.4%

Figures are the 2029 stabilized year of the pro forma; benchmarks are the resort and independent segments of the 2024 United States hotel profitability review. Gross operating profit of 38.8% is 1.6 points above the resort segment, and the replacement reserve at 3.0% is above the 2.1% segment norm. Three lines run below segment and are flagged rather than smoothed: administrative and general at 6.5%, sales and marketing at 4.6% and property operation and maintenance at 2.5%. Food and beverage cost of 60.0% against a 72.0% segment figure reflects a limited-menu seasonal outlet and event catering rather than a three-meal restaurant. Credit card commissions of 3.1% are carried in undistributed expenses and have no separate segment comparator.

Historical operations and competitive benchmarking.

Wylder Tilghman Island	50	32.9%	\$264.79	\$87.00

PENETRATION AGAINST THE MARKET

INDEX	2024	2025	TARGET
Occupancy index	59%	58%	–
Rate index	82%	76%	–
RevPAR index	48%	44%	70%

The index fell between 2024 and 2025 because the property was discounting rate while carrying keys out of service — average rate dropped from \$291 to \$265 against a market holding \$350. Rate, not occupancy, is the variance. Recovering it is what the capital program and the affiliation are for.

The market set totals 404 rooms including the subject and a composite of smaller properties. The subject holds 76% of market rate but only 58% of market occupancy, producing a RevPAR index of 44%. The business plan targets 70% of market RevPAR at stabilization — a level still 30% below the market average and below both luxury properties in the set. The STR benchmarking on the preceding page is drawn from a differently constituted set of four properties and 364 rooms; the two are not interchangeable.

MARKET SUPPLY AND DEMAND

YEAR	SUPPLY	DEMAND	OCC	ADR	REVPAR
2019	396	76,475	52.9%	\$266	\$141
2021	396	82,180	56.8%	\$316	\$179

2023	404	77,581	52.6%	\$353	\$186
2024	404	79,802	54.1%	\$354	\$192
2025	404	84,017	56.9%	\$350	\$199
TTM March 2026	404	84,809	57.5%	\$350	\$201
CAGR 2019–2025	0.3%	1.6%	1.2%	4.7%	6.0%

WHAT THE MARKET TREND SUPPORTS

Market supply has been unchanged at approximately 404 rooms since 2022, while demand has grown in each of the last two years and reached a ten-year high of 84,017 room nights in 2025. Trailing twelve-month demand through March 2026 is running 5.6% ahead of the prior period. Market RevPAR has compounded at 6.0% a year since 2019 and stands at a record \$199. The projections adopt none of this growth: rate and occupancy for the competitive market are held flat at 2025 levels throughout, so the entire RevPAR gain in the plan is attributed to the renovation, the seven added keys and the brand affiliation.

MARKET SEASONALITY • MONTHLY OCCUPANCY 2025

PERIOD	OCC	ADR	REVPAR
Peak • June to September	72.0%	\$396	\$285
Shoulder • April, May, October	64.6%	\$355	\$231
Trough • November to March	40.0%	\$267	\$109

Demand is concentrated: four peak months run at 72% occupancy against 40% across the five winter months. Projections are annual averages; interim coverage follows the same pattern. Figures are monthly averages.

Demand figures are annual room nights for the market set. Supply is average rooms available per day.

Drive-to demand, visitation and new supply.

NEW SUPPLY WITHIN THE SUBMARKET

PROPERTY · STATUS	KEYS	MILES
Wilson’s Cove · under construction	32	50.7
Microtel Inn & Suites, Easton · planning	81	25.3
Home2 Suites, Salisbury · opened Feb 2026	81	72.6
Home2 Suites, Middletown · proposed	89	76.5

No new supply is under construction within 25 miles. The nearest proposed project is an **81-key economy product 25 miles away, not before Q3 2028**, and none of the pipeline competes with upper-upscale waterfront resort product.

Competitive set supply has been unchanged at 364 rooms across four properties since 2023. Distances measured from the subject.

A single first mortgage at 60.0% of estimated as-is value.

ESTIMATED AS-IS VALUE **\$21,000,000**

The financing consists of a single **\$12,600,000 first mortgage** from New Day Commercial Capital. There is no mezzanine debt, no subordinate financing and no second lien position.

LOAN MEASURES	
Senior loan	\$12,600,000
Estimated as-is value	\$21,000,000
Loan to value	60.0%
Loan per key (57 keys)	\$221,053
Loan per square foot (27,686 SF)	\$455.10

Estimated as-is value is management’s estimate prepared for underwriting purposes only. It is not an appraisal, and no third-party valuation conclusion is represented.

YEAR 1 COVERAGE

2027 is the renovation and stabilization year, during which projected coverage is below the 1.20x minimum. Any shortfall is carried by the sponsor under the carry guaranty. Projected coverage clears the minimum from 2028 forward.

Debt service is fixed and level for the full 30-year term at a 10.789% annual constant. Figures are underwritten projections prepared by management; actual results will vary.

Loan measured against cost basis, value and sponsor support.

LOAN COVERAGE MEASURES	
Senior loan	\$12,600,000
Estimated as-is value	\$21,000,000
Loan to value	60.0%
Total project cost basis	\$18,679,659
Loan to total project cost	67.5%
Cost basis in excess of loan	\$6,079,659

Of the \$18,679,659 total project cost basis, **\$12,714,782 has been incurred to date** and \$5,964,877 remains to be funded, comprising the \$3,003,000 capital improvement plan and \$2,961,877 of working capital, interest and carry, origination, closing costs and fees. The **\$3,003,000 capital program is funded by the sponsor outside this financing.**

COST BASIS

Total project cost basis of \$18,679,659 (\$327,713 per key on 57 keys) against a \$12,600,000 loan. That basis includes **\$2,000,000 of sponsor cash equity funded outside loan proceeds.**

AMORTIZATION

Thirty years, **fully amortizing from closing** with no interest-only period. Principal reduces each month at a 10.789% annual constant, lowering the outstanding balance throughout the term.

SPONSOR SUPPORT

Completion and cost-overflow guaranty, full carry guaranty through renovation and stabilization, recourse carve-outs and environmental indemnity, and a \$10,000,000 minimum net-worth covenant on the guarantor.

Total project cost basis and capital improvement plan.

ACQUISITION

Acquisition and capital expenses	\$10,714,782
Sponsor cash equity outside loan proceeds	\$2,000,000

The **\$3,003,000 capital improvement plan is funded by the sponsor outside this financing** and is not drawn from loan proceeds. Work runs from September 21, 2026 to April 1, 2027; the schedule is on page 8. Per-key figures on 57 keys.

Estimated value positioned against market evidence.

PER-KEY POSITIONING

MEASURE	AMOUNT	PER KEY
Senior loan	\$12.60M	\$221,053
Total project cost basis	\$18.68M	\$327,713
Estimated as-is	\$21.00M	\$368,421
Estimated upon completion	\$25.50M	\$447,368
Estimated upon stabilization	\$28.50M	\$500,000
Waterfront sales · weighted avg	\$18.05M	\$396,000
Waterfront sales · median	\$15.00M	\$397,000
Recent resort trades · weighted avg	\$20.28M	\$463,000
Recent resort trades · median	\$10.75M	\$332,000

Estimated values are management’s estimates prepared for underwriting purposes only. They are not appraisals, and no third-party valuation conclusion is represented.

THE POSITION

The as-is estimate of **\$368,421 per key sits below the average of both comparable sets** — the East Coast waterfront sales and the eight resort trades closed since January 2025 — and between the median and the average of the more recent set.

The stabilized estimate of **\$500,000 per key** sits below the two highest recent resort trades, at \$741,000 and \$893,000 per key, and is reached only after a \$3,003,000 capital program and brand affiliation.

Total project cost basis of **\$327,713 per key remains below the as-is estimate**, and the loan attaches at \$221,053 per key.

Limited- and full-service waterfront hotels on the East Coast, 2021–2024. Not adjusted for date of sale, condition, location or scale.

LOCAL EASTERN SHORE TRANSACTIONS

PROPERTY · TOWN	YEAR	KEYS	\$/KEY
Hambleton Inn, Saint Michaels	2024	7	\$354K
Mariners Motel, Rock Hall	2025	12	\$200K
Robert Morris Inn, Oxford	2024	16	\$200K
Oaks Waterfront Inn, Royal Oak	2022	15	\$190K
Great Oak Landing, Chestertown	2020	28	\$169K
The Wildset, Saint Michaels	2020	20	\$160K
Bartlett Pear Inn, Easton	2021	8	\$125K
Kitty Knight House, Georgetown	2021	12	\$117K

Local transactions range from **7 to 28 keys** and comprise historic inns, bed-and-breakfasts and mid-century motels without food and beverage outlets, marina or event facilities. They establish small-inn pricing on the Eastern Shore rather than resort pricing, and are not comparable in scale, product or income base to a 57-key waterfront resort.

The subject carries two food and beverage outlets, 23 boat slips, a 3,722 SF event space and a saltwater pool — none present in the local set.

Recent transaction evidence and local market activity.

RECENT RESORT AND WATERFRONT HOTEL SALES

PROPERTY · MARKET	DATE	KEYS	\$/KEY

Weighted average · eight sales	–	44	\$463K
Median · eight sales	–	–	\$332K

Independent resort and waterfront hotels transacted between January 2025 and March 2026, averaging 44 keys. Not adjusted for date of sale, condition, location or scale.

EASTERN SHORE MARKET ACTIVITY

PROPERTY · TOWN	STATUS	KEYS	\$/KEY
Tilghman Island Inn · Tilghman	Under contract	20	\$260K
Robert Morris Inn · Oxford	Closed, relisted	16	\$200K
The Tidewater Inn · Easton	To market 2026	89	–

The **Tilghman Island Inn** is the nearest transaction and is reported under contract at \$5,200,000. It is a **20-key upper-midscale property configured as condominium units** on five acres, with 1,800 SF of meeting space and seven slips. It carries neither the key count, the two food and beverage outlets, the marina, the 3,722 SF of event space nor the income base of the subject, and it establishes small-inn pricing on the island rather than resort pricing.

WHAT THE LOCAL SET DOES ESTABLISH

The **Tidewater Inn**, an 89-key full-service hotel in Easton, is expected to be brought to market in 2026 and reported 2025 occupancy of 48% at a \$238 average rate on approximately \$950,000 of net operating income. It is the only property in the local set operating at institutional scale, and it does so at a rate 43% below the subject’s \$415 stabilized projection and without waterfront, marina or resort positioning. The **Robert Morris Inn** in Oxford, 16 keys, traded at \$200,000 per key in 2024 and is now closed and back on the market at a lower asking price. The local evidence brackets the subject rather than pricing it: small and partly distressed inns below, and a single larger property in a materially different product tier.

The eight resort transactions at left average 44 keys, closely matching the subject at 57, and support a per-key range of \$266,000 to \$893,000 with a median of \$332,000. The estimated as-is value of \$368,421 per key sits between that median and the average.

Sources and uses of funds at closing.

NET FUNDING TO BORROWER

Gross proceeds of \$12,600,000 less \$630,000 of origination and the \$126,000 MMCC fee net to **\$11,844,000**. After the \$10,714,782 payoff and \$10,100 of processing costs, **\$1,119,118** funds to the borrower, of which \$843,046 remains after closing costs. The \$3,003,000 capital improvement program is funded by the sponsor outside this financing and is not drawn from loan proceeds.

Contact and next steps.
