47 SLIPS · $30,000 PER SLIP · $1,410,000

Wylder and Dogwood Cove Marina.

*An estimate of slip value for the **23 existing Wylder slips** and the **24 slips** that come with the adjacent Dogwood Cove parcel, on seven deed-verified marina sales within about an hour of Tilghman Island and an income cross-check on market seasonal rents. Recommendation **$30,000 per slip**, a range of $25,000 to $40,000, and **$1,410,000 for the combined 47-slip marina**.*

wylder

TILGHMAN ISLAND

October 30, 2026 · Tilghman Island, MD

$30,000 per slip, or $1,410,000 for the 47-slip marina.

RECOMMENDED SLIP VALUE

SLIPS	LOW · $25K	RECOMMENDED · $30K	HIGH · $40K
Wylder · 23 slips	$575,000	$690,000	$920,000
Dogwood Cove · 24 slips, upon approval	$600,000	$720,000	$960,000
Combined · 47 slips	**$1,175,000**	**$1,410,000**	**$1,880,000**

Dogwood Cove · 24 slips, as they stand today	$280,000

About $11,667 per slip — the $1,100,000 contract price less the parcel's $820,833 residential assessment

WHAT SUPPORTS IT

Slip-focused sales · adjusted median	$30,837

Three deed-verified sales that are mostly slips, within about an hour of Tilghman

Slip-focused sales · adjusted mean	$35,219
Talbot County sales · adjusted average	$39,428

Oxford and Trappe, the two closest slip trades

Income approach · market seasonal rents	$27,000

10% below the recommendation

Recommendation	**$30,000**

The adjusted median. The local sales are weighted more heavily because they price this specific shoreline

COMBINED MARINA

$1,410,000

47 slips upon approval

RANGE

$1.18M – $1.88M

$25,000 to $40,000 per slip

COMP SET

7 sales

Deed-verified, plus the Dogwood Cove deed history

All values cover the slips and their riparian rights only. They exclude the hotel, the Dogwood Cove residence and any upland business value. They are estimates stated for underwriting purposes, not a formal opinion of value.

The four local trades that carry a full-service boatyard or hotel and restaurant operations run $94,025 to $184,091 per slip. They show what bay frontage with a business on it commands locally, but they are not slip prices and none of that transfers to amenity slips.

47 slips across two waterfront parcels.

THE SUBJECT

ITEM	WYLDER	DOGWOOD COVE	COMBINED
Slips	**23 existing**	**24**	**47**
Upland	Hotel, restaurant, boat bar	4 BR residence, ~3 ac	–
Condition	Rebuilt in the $250,000 marina line	Good, usable day one	–
Model slip revenue, 2028	$179,648	$179,648	$359,296
Revenue per slip	**$7,811**	**$7,485**	**$7,645**

Slip counts come from the lender materials and the sponsor's tour notes, not a survey or the purchase and sale agreement. Every value in this analysis scales linearly with the count, so confirming them is the first open item. The model assumes 30% slip occupancy across all 47 slips and doubles the existing slip line for Dogwood Cove.

DOGWOOD COVE DEED HISTORY

EVENT	DATE	AMOUNT
Recorded sale	Sep 2015	$449,000
Recorded transfer · non arm's length	Mar 2018	$530,250
Current residential assessment	2026	$820,833
Under contract now	**–**	**$1,100,000**

2.74 acres. If the house and land carry roughly the assessed value, the contract implies about **$280,000**, or $11,667 a slip, for the 24 slips as they stand. The market prices them today as residential piers; they earn hotel slip value only once commercial use is approved.

WHAT THE SLIPS ARE

These are **hotel amenity slips**, not a marina business. There is no boatyard, no dry stack, no service bays and no fuel operation across either property. That is why the slip-focused trades are the direct evidence and the full-service sales are context only.

The Wylder slips are rebuilt inside the **$250,000 marina line** of the renovation program, about $10,870 per existing slip. Scope, permits and whether the slips are rebuilt or replaced all need confirming.

Three deed-verified sales that are mostly slips.

SLIP-FOCUSED SALES

PROPERTY	DEED DATE	PRICE	SLIPS	PER SLIP	ADJUSTED TO TODAY
DiMillo's on the Chesapeake East Oxford · 45 min from Tilghman · 1.71 ac, service yard	May 2021	$2,450,000	60	$40,833	$48,019
Gateway Marina Trappe · 40 min from Tilghman · Two parcels, 4.6 ac, fuel, service	Jun 2021	$2,950,000	112	$26,339	$30,837
Mears Point Marina Kent Narrows · 55 min from Tilghman · 42.7 ac, pool, restaurant, 75-ton lift	May 2020	$11,950,000	540	$22,130	$26,800
Median	–	–	–	–	**$30,837**
Mean	–	–	–	–	$35,219

Prices are the recorded deed consideration from the Maryland state assessment file; slip counts come from press releases and marina directories. Adjusted to today at 3% a year, which is conservative: two local resales show faster appreciation, Bachelor Point at 3.4% a year from 2015 to 2025 and St. Michaels at 11.4% a year from 2019 to 2021.

WHY THESE THREE SET THE PRICE

AMENITY SLIPS, NOT A MARINA BUSINESS

The subject slips sit in front of a hotel with no boatyard, so the trades that are mostly slips are the direct evidence. After the time adjustment they run $26,800 to $48,019 a slip.

LOCATION SUPPORTS THE MIDDLE

The two Talbot County sales, Oxford and Trappe, average $39,428 a slip adjusted. Mears Point at $26,800 reflects a 540-slip volume discount that does not apply to 23 or 24 slips.

THE RECOMMENDATION SITS ON THE MEDIAN

$30,000 is the adjusted median of the three. The range of $25,000 to $40,000 spans the set, with the top of the range reserved for the Wylder slips once the rebuild is complete.

ADJUSTED MEDIAN	ADJUSTED MEAN	TALBOT COUNTY AVERAGE
$30,837	**$35,219**	**$39,428**
The recommendation	*Pulled up by Oxford*	*The two closest sales*

Four local trades that bought a business, not slips.

FULL-SERVICE AND HOSPITALITY TRADES

PROPERTY	DEED DATE	PRICE	SLIPS	PER SLIP
Lowe’s Wharf Marina Inn Sherwood · 10 min from Tilghman · 10 rooms, restaurant and bar, 6 BR house, fuel	Aug 2024	$4,050,000	22	$184,091
St. Michaels Marina and three restaurants St. Michaels · 25 min from Tilghman · Resold 32 months after an Apr 2019 sale at $5,750,000	Dec 2021	$7,709,500	55	$140,173
Campbell’s Boatyard at Bachelor Point Oxford · 45 min from Tilghman · 17.9 ac, full-service yard, dry storage	Jun 2025	$7,000,000	56	$125,000
Bay Bridge Marina Stevensville · 60 min from Tilghman · 28.5 ac, yard, indoor heated storage	Feb 2025	$22,848,000	243	$94,025

WHAT THEY PROVE, AND WHAT THEY DO NOT

BUSINESS VALUE IS LOCAL AND REAL

Lowe’s Wharf, ten minutes from the subject, sold at $184,091 a slip in August 2024 because the price bought ten rooms, a restaurant and bar, a six-bedroom house and a fuel operation on 2.5 acres. It went at 81% of a $5.0M ask.

INSTITUTIONAL BUYERS PAY FOR YARDS

Bachelor Point at $125,000 and Bay Bridge at $94,025 are both Hinckley acquisitions of full-service yards with dry and heated storage. Bachelor Point had sold for $5.0M in 2015, a 3.4% annual gain over ten years.

NONE OF IT TRANSFERS TO AMENITY SLIPS

The subject’s 47 slips carry no dry stack, no service bays and no fuel business. Pricing them off these trades would be valuing a business that does not exist here. They are included because they price this shoreline, not because they set the number.

These four are context, not slip prices. Each price bought a business as well as frontage: rooms and restaurants at Lowe’s Wharf and St. Michaels, a full-service yard and dry storage at Bachelor Point and Bay Bridge. The subject has none of that.

FULL-SERVICE RANGE

$94,025 – $184,091

Per slip, four local trades

AMENITY SLIP RANGE

$26,800 – $48,019

Per slip, adjusted — the evidence used here

Market seasonal rents support $27,000 a slip.

MARKET RENT CASE · ASSUMPTIONS

Gross revenue per slip	$4,500
Midpoint of cited regional seasonal rates plus some transient	
Occupancy	85%
Effective gross income per slip	$3,825
Operating expense	40% of effective gross income
Labor, insurance, dock repair and maintenance, utilities, reserves. Unverified	
Net operating income per slip	**$2,295**
Capitalization rate	8.50%
7.0% to 10.0% tested. Published ranges are wide and are not verified for this submarket	
Indicated value per slip	**$27,000**

VALUE PER SLIP · REVENUE AGAINST CAP RATE

REVENUE PER SLIP	7.0%	8.50%	10.0%
$3,500	$25,500	$21,000	$17,850
$4,500	**$32,786**	**$27,000**	**$22,950**
$5,500	$40,071	$33,000	$28,050

Regional seasonal slip pricing runs roughly $2,700 to $7,000 a slip: Gratitude Marina in Rock Hall at $2,700 to $4,050 for 2026, Osprey Point at $5,950 to $7,000 including dues and electric, and Chestertown's municipal marina at $2,720 to $4,950. Transient rates in St. Michaels run about $2.60 to $3.95 per foot per night. The $4,500 case sits mid-range with some transient.

At $27,000 a slip: Wylder $621,000, Dogwood Cove $648,000, combined **$1,269,000** — 10% below the recommendation. Both the expense load and the cap rate are assumptions; a marina specialist broker opinion would firm them up.

NOI PER SLIP
$2,295
85% occupancy, 40% expense

INDICATED VALUE
$27,000
Per slip at 8.50%

AGAINST THE RECOMMENDATION
10% below
Supports it, does not set it

What the model implies, and why it is not the number.

MODEL AS BUILT

$3.50M

$74,557 per slip at 8.50%

Slip revenue, 2028	$359,296
Expense load	17.1%
Net operating income	$297,856
Value at 8.50%	$3,504,188

UNDERWRITER VIEW

$2.75M

$58,459 per slip at 8.50%

Slip revenue, 2028	$359,296
Expense load	35%
Net operating income	$233,542
Value at 8.50%	$2,747,553

CARRIED HERE

$1.41M

$30,000 per slip, on the local sales

Model revenue per slip	$7,645
Market rent assumption	$4,500
The premium	1.7x
Carried as collateral	$1,410,000

THE PREMIUM HAS TO BE EARNED

The model's $7,645 a slip is about 1.7 times the market rent assumption. That only holds if hotel guests and transient boaters fill the slips at nightly rates, which is plausible for a resort marina but unproven here.

UPSIDE, NOT COLLATERAL

At the underwriter expense load the model case still indicates $2,747,553 to $3,504,188, or $58,459 to $74,557 a slip — well above the recommendation. It is treated as upside to be proven, not value to lend against.

WHAT WOULD PROVE IT

A trailing three-year marina profit and loss statement. It was promised in earlier lender questions and is still the document that decides whether this case is credible. Until it exists the sales approach governs.

Risks and open items.

SLIP COUNTS

Confirm 23 and 24 against a survey, the Dogwood Cove purchase and sale agreement and the riparian permits. Every value here scales linearly with the count.

COMMERCIAL USE OF THE DOGWOOD COVE SLIPS

Using the 24 slips commercially as part of the hotel needs Talbot County zoning, Critical Area and state environmental confirmation. This is the difference between about $280,000 and $720,000.

MARINA REBUILD

The $250,000 marina line is about $10,870 per existing slip. Confirm scope, permits, and whether the 23 slips are rebuilt in place or replaced.

HISTORICAL MARINA REVENUE

The three-year marina schedule is the key open document. It decides whether the sponsor model case is credible.

CAP RATE AND EXPENSE LOAD

Both are assumptions. Published marina cap rates run roughly 8% to 14%; the expense load is unverified for this operation. A marina specialist broker opinion would firm both up.

COMP VERIFICATION

Deed prices come from the state assessment file. Multiple-parcel deeds may include land beyond the marina, and one directory address should be reconciled against the recorded parcel. Slip counts come from press releases and directories. The 3% time adjustment is an assumption.

Contact and next steps.

The deed records, the rate sources and the comparable detail behind this analysis are available on request, along with the marina schedule once the sponsor provides it.

RECOMMENDED	COMBINED · 47 SLIPS	RANGE
$30,000 / slip	$1,410,000	$25,000 – $40,000
